

< 2.5s

Google suggests keeping the value under 2.5s at the  
75th percentile

(that's about as long as a yawn)

A red rectangular box containing the white text "< 0.1". The text is rendered in a bold, sans-serif font. The less-than sign is on the left, followed by the number 0, a decimal point, and the number 1.

Google suggests keeping the value under 0.1 at the 75th percentile

< 200ms

Google suggests keeping the value under 200ms at the 75th percentile

(blink of an eye is 300ms)
